Total value of our grantmaking was £2.95m taking the total to £32m since 2000

active grants held by 62 organisations (17 grantees also received additional Wellbeing and Green grants, totalling £48K)

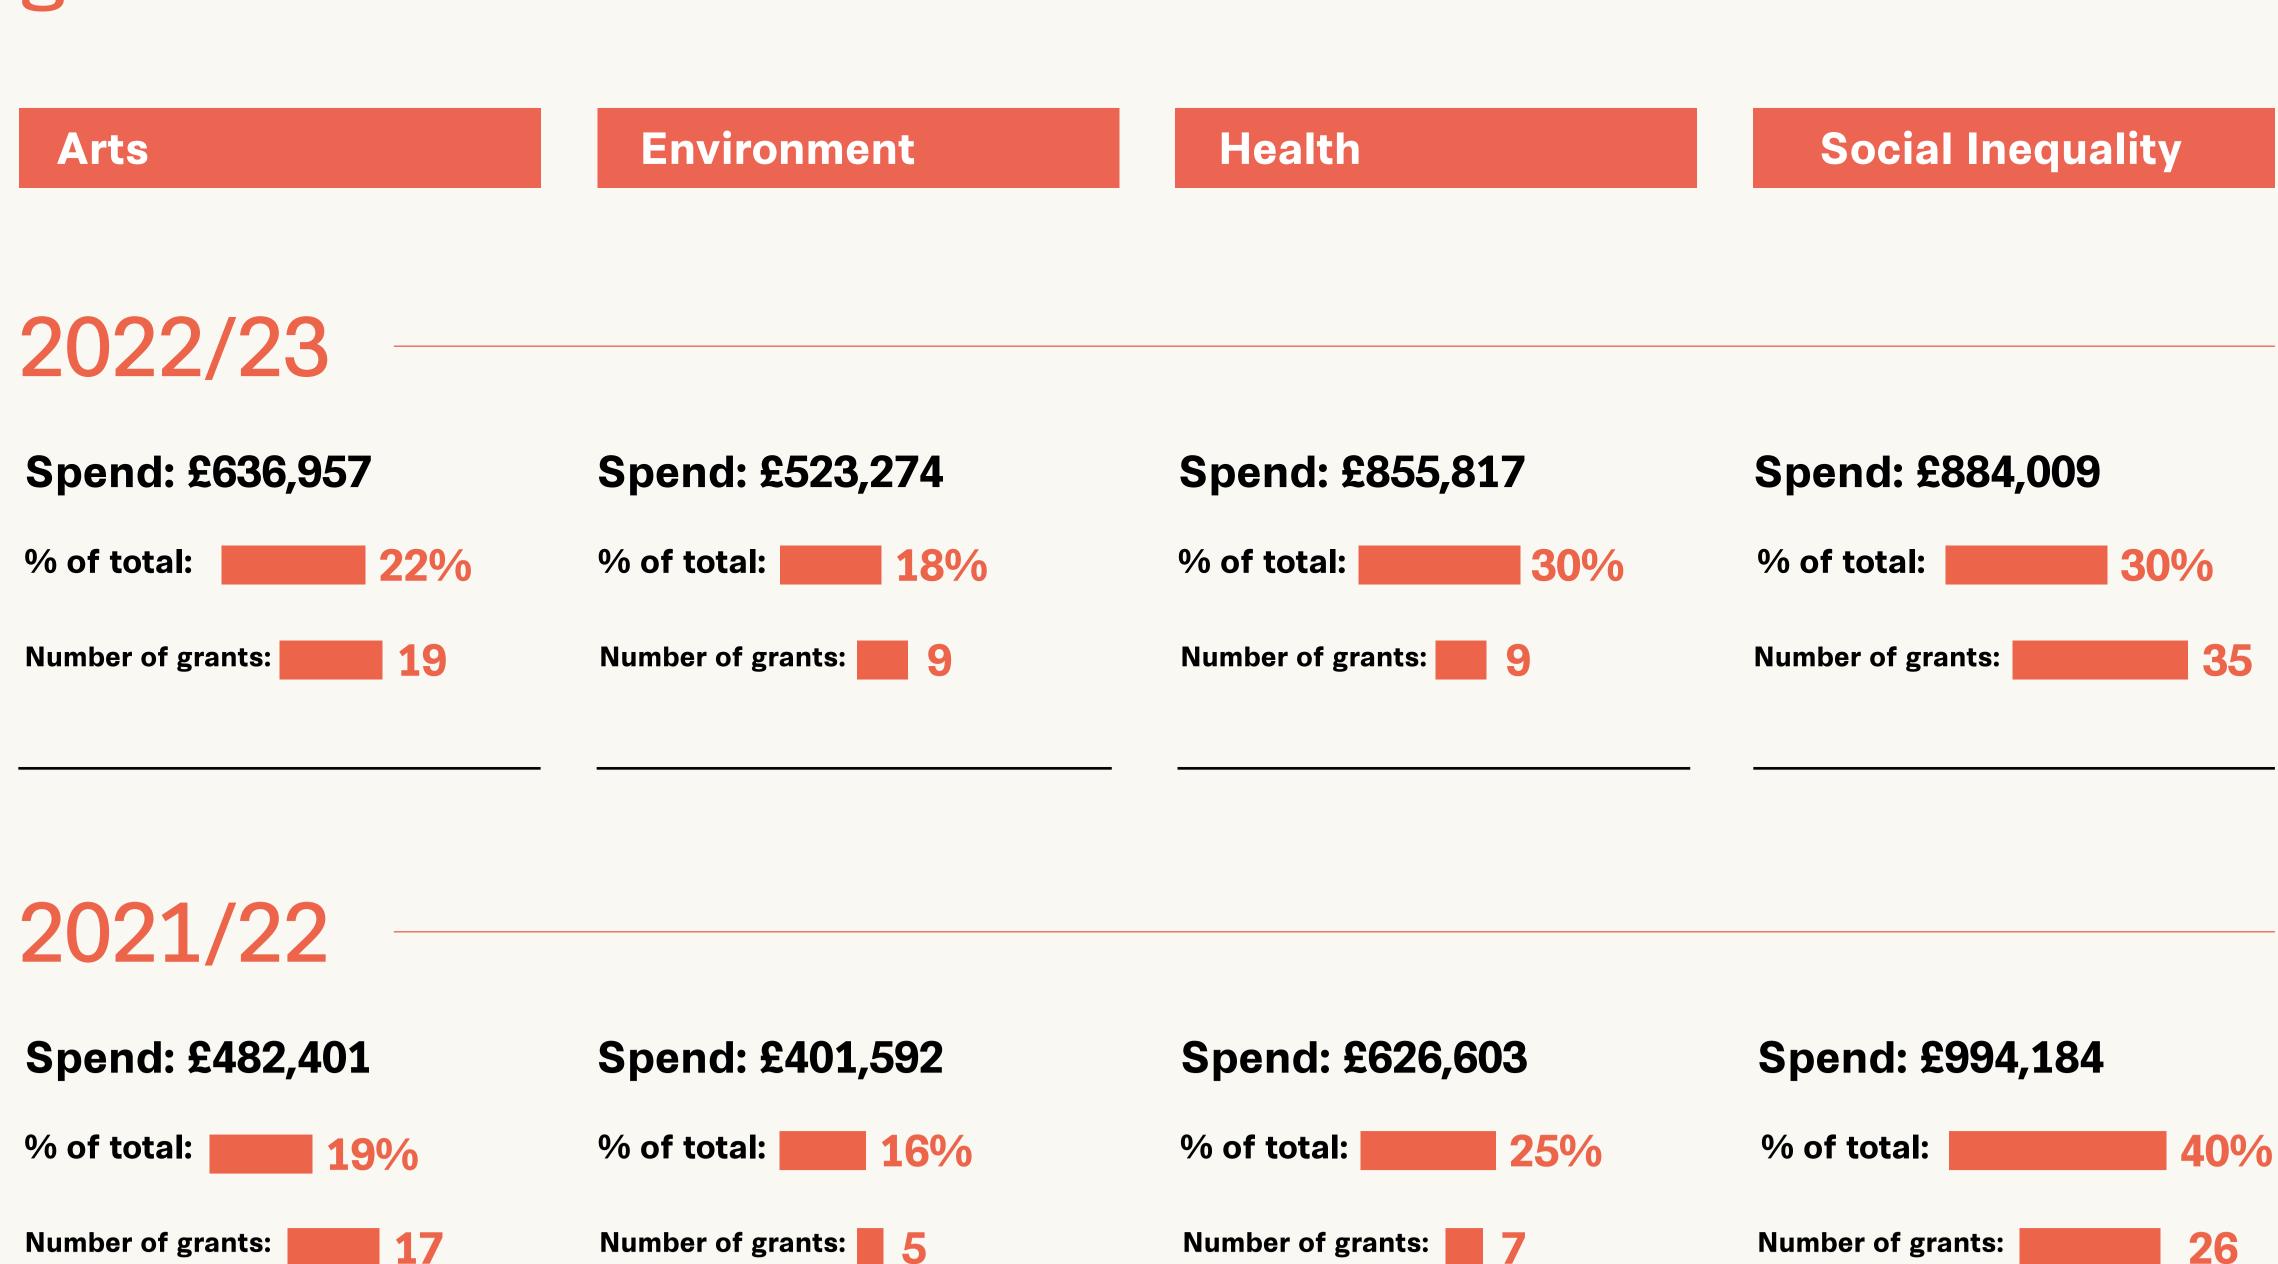

We had a portfolio of

We began new relationships with organisations

Giving at a glance

Our funding was allocated by grantholders across four areas:

Funding distribution against Aims

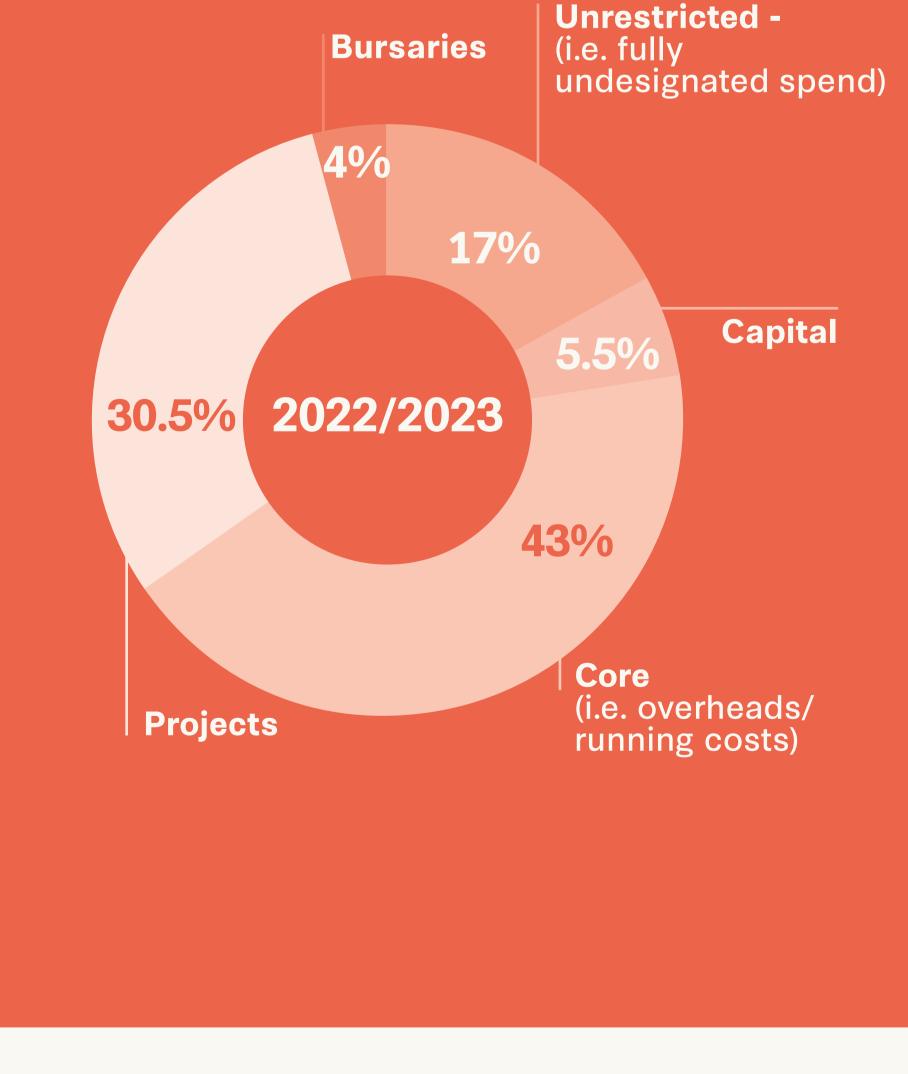

(see our <u>Purpose Framework</u> for the full list of outcomes):

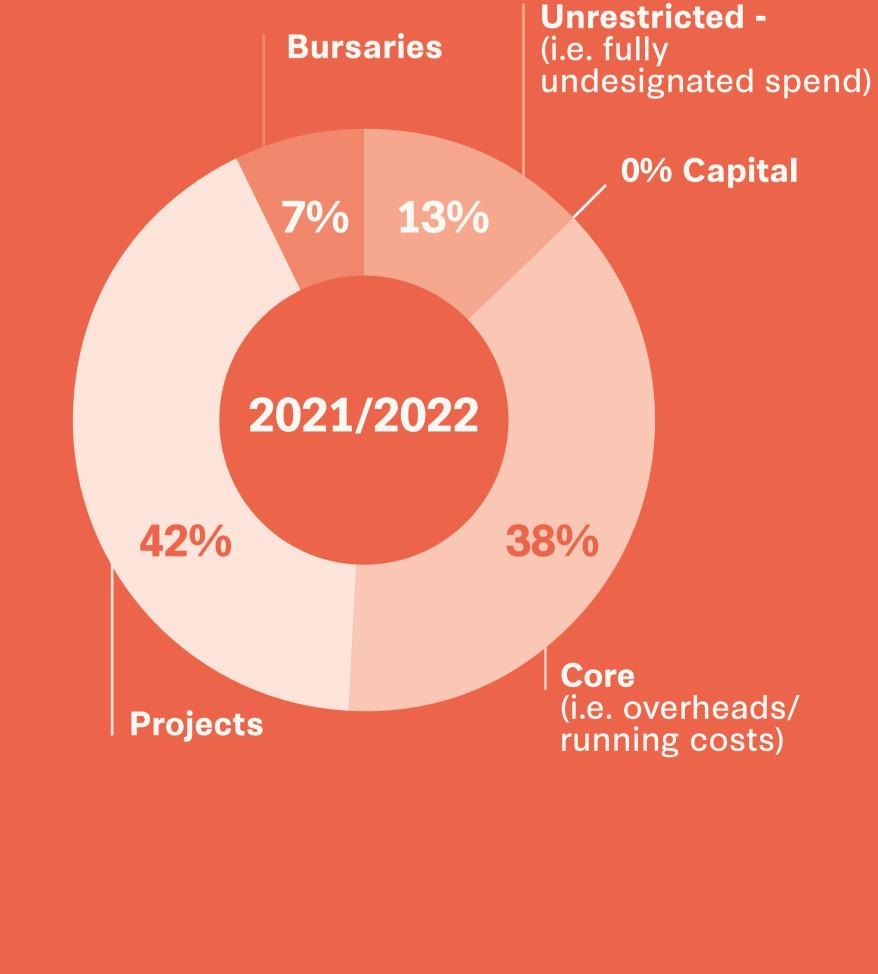

against our target outcomes, rather than against giving areas.

Here we take a look at how funds spent in 2022-23 were distributed

Aims	Total Spend for Giving Area
Supporting cultural vibrancy and the arts to enrich all communities and people	£567,860
Supporting nature based solutions to the climate crisis and enabling all communities to engage with the natural world	£479,600
Supporting medical research and patient care initiatives with selected organisations	£720,537
Supporting initiatives that tackle systemic inequalities and their impact on people's lives and communities	£1,132,060
